

WHO WILL COMFORT TOFFLE?

A musical shadow play performance based on Tove Jansson's book.

A SAD AND LONELY TOFFLE LONGS more than anything to meet a real friend. Then, one day, a message in a bottle arrives which gives Toffle the courage to overcome his fears – and find love!

A touching story about our need for friendship and support to help us grow.

Direction: Fabrizio Montecchi

Puppets, set design and costumes: Nicoletta Garioni efter Tove Janssons bilder

Reviews:

"It's as if we were sitting inside a kaleidoscope where the shadow patterns on the walls everywhere offer nooks and crannies for the imagination to grab hold of."

Dagens Nyheter

"Image, music, words and movement interact beautifully within the framework of Tove Jansson and the shadow play."

Svenska Dagbladet

"You get to enter that visual poetry - not just listen and look at it."
